

IRISH MATHEMATICAL SOCIETY BULLETIN

CONSOLIDATED INDEX OF ARTICLES

The index in the following pages lists all the articles which have appeared in the *IMS Bulletin* (formerly *IMS Newsletter*) since its inception in 1978, apart from Issue 1 of which we were unable to obtain a copy.

The articles are grouped into three sections: General Articles; Mathematical Education; History of Mathematics, and are listed alphabetically by author name. Co-authored articles are listed under each of the authors' names.

The location of articles is indicated by the standard format used in the *Bulletin* for listing references; thus 4 (1981) 28-38 refers to an article to be found on pages 28 to 38 of Issue 4, 1981.
