

Irish Mathematical Society

Cumann Matamaitice na hÉireann

BULLETIN Number 50 Special Volume 2003

Proceedings of the All Ireland Algebra Days 2001

ISSN 0791-5578

Contents

Preface

List of Organisers and Sponsors 1

Programme of the Meeting 2

List of Participants 5

Articles

Pere Ara:

*Some Interfaces between Noncommutative Ring Theory
and Operator Algebras* 7

Kenneth A. Brown:

Symplectic Reflection Algebras 27

Alberto Facchini and Dolores Herbera:

*Modules with only Finitely Many Direct Sum Decompositions
up to Isomorphism* 51

Robert M. Guralnick:

*Rational Maps and Images of Rational Points of Curves
over Finite Fields* 71

Consuelo Martinez:

*Simplicity of Jordan Superalgebras and Relations with
Lie Structures* 97

Federico Mengazzo:

The Number of Generators of a Finite Group 117

Abstracts of all Talks 129
