

Peer-reviewed articles

Note: Citation database used is Google Scholar, date 12th April, 2009.

- 2009 — Renormalisation-induced phase transitions for unimodal maps.  
*Communications in Mathematical Physics*, **286**:377–387, 2009.  
Number of citations: 3
- 2008 — (Joint with B. Skorulski) Non-existence of absolutely continuous invariant probabilities for exponential maps.  
*Fundamenta Mathematicæ*, **198(3)**:283–287, 2008.  
Number of citations: 2
- 2007 — Visible measures of maximal entropy in dimension one.  
*Bull. Lond. Math. Soc.* **39** (2007), no. 3, 366–376.  
Number of citations: 3
- 2007 — Expanding cocycles for interval maps.  
*C. R. Math. Acad. Sci. Paris* **345** (2007), no. 1, 39–44.  
Number of citations: 0
- 2006 — Hyperbolic dimension for interval maps. *Nonlinearity* **19** (2006), no. 12, 2877–2894.  
Number of citations: 2

Preprints on Arxiv

- 2009 — Nice sets and invariant densities in complex dynamics  
<http://arxiv.org/abs/0902.3140>  
Number of citations: 0
- 2008 — Measures with positive Lyapunov exponent and conformal measures in rational dynamics  
<http://arxiv.org/abs/0804.3753>  
Number of citations: 4
- 2008 — On cusps and flat tops  
<http://arxiv.org/abs/0801.3815>  
Number of citations: 1
