

## Conference Announcement

### QUADRATIC FORMS AND THEIR APPLICATIONS

UNIVERSITY COLLEGE, DUBLIN

5TH-9TH JULY, 1999

This conference is supported by the European Union under the auspices of the TMR network project “K-theory, linear algebraic groups and related structures.” The aim of the meeting is to bring together mathematicians who are either specialists in quadratic forms and related topics, or use them in their research. There will be thirteen one-hour survey lectures and a number of shorter research talks.

Some financial support is available, mainly for young researchers from EU states.
